realising that your child is autistic can be devastating but there really is hope this book shares with you our experiences as parents of a child diagnosed as severely

**Mi Hijo Es Autista My Son Is Autistic Una Guia Para La Deteccion Precoz Y El Tratamiento Del
Autismo**

autistic and sets out strategies that have worked for us in terms of helping our son to develop to understand and to function in the world i am aware that every child is different and every instance of autism is unique that means there cannot be a set manual for how to deal with autistic children and this book doesnt pretend to be one but there are common themes and it is my hope that some of the strategies we have used will work for your child while others even if they do not work for you will point you in a helpful direction for coming up with your own strategies most of all i wish to convey that there really is hope we have gone from a situation of having our child diagnosed as severely autistic and being told that he should attend a special school to now wondering what kind of job he will choose to do one day his transformation has been amazing so please know that the diagnosis of autism need not mark the end of your dreams for your child your child is a unique wonderful being who sees the world very differently and there is a place for him in it for those of you who do not live with autism every day i believe you too would find this book enlightening and helpful in understanding a little more about the special people who are on the autistic spectrum my hope is that the ideas i have outlined in this book may help other parents to connect with their children as we have managed to do with our son i hope that it will help you not give up on those dreams of the life you thought you could have with your beautiful child before the diagnosis sent you reeling

questions every parent has about their autistic child and the answers autism is a complex disorder and there really is no one singular way to discuss or define it but there is one thing that is true across the board when it comes to autism the number of questions parents have i know what it s like to be unsure and worried about what to do for the best for a loved one with autism i know all too well about the many challenges and frustrations that you are facing with your autistic child when my son was diagnosed with autism in 2009 i scoured every book and website i could find looking for answers and for every question answered there always seemed to be three more questions related to the original and on and on many resources i found were either out of date or written with medical jargons that only doctors could understand you probably have the same frustrations on your journey to understand autism fortunately you don t have to spend countless hours searching and verifying information like i did i wrote this guide to cover a lot of the basic questions parents have and a few you may have never thought of if you d like to have a better understanding of the reasons behind your autistic child s behaviors so you can help

your child more and take some of the pressure off you and the rest of your family then this is the guide for you here are just some of the things you will learn in raising children with autism 100 things every parent of an autistic child must know what are the characteristics of autism what are the early warning signs of autism that parents should look for how do i get my child evaluated will insurance cover all this i want to have more children will they also be autistic what does early intervention entail how much therapy does my child really need what are biomedical treatments how dieting can help control autism naturally the effectiveness of the most common alternative autism treatments what kind of services will the school district offer my child my child never sleeps what can i do how to choose an aba provider how to cope with the stress of raising an autistic child how to ensure the safety of my child is joining a parent support group really beneficial will my child ever marry or have children of their own and much more
